

## TIME HAS COME TO STOP CRYING "WOLF" FDR SAYS

### COOPERATION IS GREATEST NEED HE DECLARES

#### President's Statement Is Greeted With Applause

Washington, May 3.—(P)—The Chamber of Commerce of the United States tonight heard and gave applause to an admonition by President Roosevelt that the time has come to stop crying "wolf" and co-operate in recovery.

A crowded auditorium, where were gathered virtually all delegates to the convention of the nation's business leaders, gave close attention to a written message from Mr. Roosevelt saying the people as a whole "will be impatient of those who complain." The Chamber's session has heard both praise and blame.

The delegates earlier gave hearty shouts and handclaps to administration. Thirty seconds of applause followed the president's statement.

Hearty Shouts.

The delegates earlier gave hearty shouts and handclaps to Bertrand H. Snell, Republican leader, who rose briefly to make a bow when his name was called.

There was given to the business men tonight a broad hint by the governor of the Federal Reserve Board, Eugene Black, that the administration's abandonment of the gold standard was of a temporary nature. He pointed out past gold base departures by this country and European nations as an example.

"There is," Black told his audience, "no man in this room who believes in the gold standard as a base for international operation than I believe."

Black recalled that the country was off the yellow metal base for eighteen years after the Civil War. "America," he said, "went off the gold standard in April and within less than a year the gold content of the dollar was fixed, gold reserves were fixed back on the dollar, so that tonight America is back on a gold reserve basis in less than a year and yet we're impatient about it."

"America was not driven off the gold standard, America left it voluntarily. At the time she left it she had four billion dollars in gold. She left it as a part of a large recovery program, x x x to prevent the flight of capital and, primarily, to raise the price of agricultural commodities and raw materials."

President Roosevelt's message was read to the Chamber by its president, Henry I. Harriman. The chief executive said:

"Your membership largely represents those interests which from motives of self-interests as well as good citizenship have a leading role to play. The people as a whole will be impatient of those who complain and of those who hold out false fears. It is time to stop crying 'wolf' and to co-operate in working for recovery and for the continued elimination of evil conditions of the past."

"I confidently count on the loyalty and the continued support of the Chamber of Commerce of the United States."

Chapin was represented here yesterday by Charles W. Berghaus.

## WEATHER

For Jacksonville and Vicinity—The weather man predicts local showers for today and tomorrow with no change in temperature.

The U. S. Co-operative Weather Bureau at the Norbury Sanitarium last night gave temperatures as: High 85; current 79 and low 52. Barometer readings were: A. M. 30.24; P. M. 30.12.

Illinois—Partly cloudy, some probability of local showers in west and north portions Friday; Saturday local showers; not much change in temperature.

Indiana—Partly cloudy Friday, followed by local showers at night and on Saturday; not much change in temperature.

Wisconsin—Local showers Friday and probably Saturday, cooler Friday in northeast and west-central portions, warmer Saturday in north.

Missouri—Local showers Friday and probably Saturday; little change in temperature.

Iowa—Local showers Friday and probably Saturday; cooler Friday in northwest and north-central portions. Temperatures.

## STOCK CONTROL BILL WILL BE PASSED, CLAIM

### Section Fixing Margin Requirements Is Adopted

By Richard L. Turner  
Associated Press Staff Writer

Washington, May 3.—(P)—The House met the test of the stock exchange control bill today with a show of firm determination to place it on the statute books free of all weakening amendments.

After a flurry of debate it adopted, unchanged, the controversial section empowering the federal reserve board to fix minimum margin requirements and stating that 45 per cent should be the figure for normal times.

The discussion brought charges from Chairman Rayburn of the commerce committee, in charge of the bill, that its opponents were trying to "chisel" the measure itself while declaring themselves in favor of regulating the market.

Discussion of "the men who surround the president's" was injected again by Representative Britten (R. Ill.) with an assertion that the measure was written by "baby faced boys" from "the little red house in Georgetown."

He referred to Thomas Corcoran, reconstruction corporation attorney, and Ben Cohen, public works attorney, who advised the committee during its consideration of the measure. Britten also asserted before that their home in Georgetown was a breeding place for radical ideas which the president was persuaded to adopt.

"I did not intend to stop to reply to some of the things that have been said on this floor which are a reflection not only upon myself, but on the 24 other members of this committee," Rayburn fired back.

"I thought yesterday we had enough of this 'little red house' stuff; and it is stuff. The gentleman from Illinois (Britten), always alert to what will give him publicity, coined the phrase 'the little red house in Georgetown.'"

The day also brought from Ferdinand Pecora, counsel for the senate banking committee, a reply to the charge of Richard Whitney, president of the New York stock exchange, that the presentation of statistics on brokers' profits this week was propaganda intended to push the bill through.

"It should be kept uppermost in mind, that the figures presented by me to the committee were the figures presented by the brokers themselves and set forth the net profits which they reported in their returns to our committee as according from their business," Pecora said.

"The information comes entirely and clearly within the scope and purview of the resolution authorizing the inquiry. The presentation of this data was simply in fulfillment of the duties imposed upon the committee and me as counsel."

## OFFICERS KILL SUSPECT AFTER 24-HOUR CHASE

### Companions of Alleged Burglar Placed in Jail Cells

Cabool, Mo., May 3.—(P)—One man was dead tonight and another man and a woman were in custody as the result of a 24-hour chase which ended in a gun battle in the wooded Texas county hills north of here late today.

The dead man was identified as Harry Williams, about 30, of Evanston, Ill. State highway patrolmen expressed belief he is wanted in Illinois and Iowa for store burglaries. A quantity of allegedly stolen merchandise was found in the Williams car.

Florence Williams, believed to be the dead man's wife and Walter Allen, 18, who said he is a hitchhiker who had been picked up by the Williams couple, were placed in jail at Houston, Texas county seat. Allen, wounded, said his home is in Quincy, Ill., and asserted he recently was paroled from the Missouri intermediate reformatory at Alton.

The chase began at Cabool Wednesday night when a filling station operator sighted the trio of being Clyde Barrow, his woman companion, Bonnie Parker, and Henry Metvin, reportedly sought for the slaying of a constable at Commerce, Okla., recently.

When the officers began to gain ground on the trio early today the men abandoned their car and fled into the woods, leaving the woman behind.

Bloodhounds taken to the abandoned car followed a trail leading back toward Cabool. The actions of the dogs indicated they were near the pair's hiding place when two shots rang out. The officers answered the attack and one of the men dropped while the other, Allen, surrendered.

In the shooting, Allen suffered a wound in his left arm above the elbow. While the search was going on in the woods 12 miles northwest of Cabool for the two gunmen, who, with a woman companion, exchanged shots last night with Ben Graham, highway trooper, the First National Bank at Raymondville, 24 miles northeast of here, was robbed.

Officers expressed belief the two men who looted the bank of \$150 and drove away in a maroon Ford V-8 sedan were not the same ones who figured in last night's shooting.

## Revenue Bill Providing For Higher Taxes on Big Incomes Awaits Roosevelt's Signature

### Basil Banghart Transferred To Chester Prison

Joliet, Ill., May 3.—(P)—Basil Banghart, former Touhy gangster serving 99 years for kidnaping John Factor in Chicago, was transferred today from the state penitentiary here to the Southern Illinois penitentiary at Chester.

Warden Frank Whipp made the change secretly in order to separate Banghart from Roger Touhy, Banghart's ex-boss, and Albert Kator and Gustav Schaefer, once his teammates in the Touhy gang. Touhy is in the new penitentiary here, and Kator and Schaefer are in the old prison.

Banghart left the prison a few hours before a deputy U. S. marshal arrived from Chicago with a habeas corpus writ for Banghart's removal to Asheville, N. C., to stand trial on charges of robbing the mail in Charleston, N. C., last November.

Col. Whipp said he had not been notified of the marshal's plans, and that if he had known about them the transfer of Banghart would not have been made.

## HAWTHORN FARM INSULL MANSION IS 'DESERTED'

### Former Utility Head Will Not Return To Old Home

By W. J. Conway  
Associated Press Staff Writer

Chicago, May 3.—(P)—The Master's mansion on Hawthorn farm was deserted today.

The great house, set in copse of evergreens in the center of a 4,600-acre estate in the Skokie Valley held only magnificent memories of yesterday's splendor. Clapboards were nailed over the front door. Shutters were drawn tight. No servants flitted on tiptoe within its gloomy confines lest they awaken the mistress before high noon. The mobile room of the solarium was sealed shut, darkness dulled the cut glass walls of the ladies dressing room, gold leaf in the bath rooms gathered dust.

Nearby, the huge garage yawned in empty boredom. The stillness of a sarcophagus pervaded the vacant green house. The cattle barns housed only hordes. A lone gopher, seeking his solitude, sunned himself in the sunken garden, blinking an inappreciative eye at the beauty of the waterless swimming pool, the towering peristyle, the bloomless flower beds.

The Squire who once made this his country seat, Samuel Insull, was on his way back home. But not to Hawthorn farm. He may, perchance, go to prison on charges mushrooming from the collapse of his utility empire; or, perhaps, if it so pleases the jurors in his forthcoming trial, to an honorable but humble niche for the rest of his days.

Insull literally threw his country home and the farms that surrounded it into the jaws of the financial disaster that pursued him three years ago. Banks, holding his securities, took it over, took stock, private school, personal post office and barrel. They placed an overseer in charge to attempt to harvest from their rich soil the sums so lavishly sown by the famous gentleman farmer.

But the master's manse was vacant. Who, asked the neighbors, could fill its 40 rooms with furniture? Some of them told the tales of its past glories. The deer that were kept in the private park? Gone to a zoo. The finest Suffolk horses in America and the prize cattle? The banks took them, too. The antiques and plate and priceless appointments? Trundled away somewhere.

One of the 20 men who spent their days grooming the grounds to rival the regal simplicity of Sandringham, and pruning the fields to emulate the picturesque order of Sussex recounted his labors. He trimmed hedges, planted shrubs, cultivated flowers, rolled the tennis courts, even created an artificial lake under the exacting direction of the first lady of this land Insull, where the Power King was king indeed. The workman summed up his saga: "Insull used us well, but I invested all. . . ."

He repeated a story which, in its variations, has grown familiar in these parts. Then, 37 miles to the south, in the throbbing heart of Chicago, the peace known only to Sheba's lost capital hovered over a penthouse that pierces the sky from the top of a 40-story building—once, in the halcyon days, the castle atop a castle, the Insull civic opera building. Here, too, the shades were drawn as if to guard the rich reveries locked within.

The drawing room witnessed perhaps the last large gay Insull feast. Friends gathered to welcome 1931. Mrs. Insull, the Gladys Wallis of the stage sheathed in white satin, recited a poem. Glasses were lifted to the New Year, the last in Insull's reign as the crocus of the Central States.

The pent house now is for rent at \$250 or so a month.

A little hotel apartment on the near north side has been prepared.

Washington, May 3.—(P)—Higher taxes for big incomes and estates and lower ones for the person who works for a living lacked only the signature of President Roosevelt today to become an actuality.

The new revenue bill, which its framers estimated would bring into the treasury an annual income of \$417,000,000, was given final congressional approval today by the Senate.

Among the changes in the tax structure it would make would be the levying of bigger taxes upon gifts, corporations and personal holding companies, partial individual tax return publicity, and numerous guards against tax avoidance.

The ten per cent super-income tax for 1935 was stricken out, Senator Couzens (R. Mich.), its author, deciding not to press it in view of its overwhelming rejection by the House.

Two Speeches.

Only two speeches preceded final action. Couzens attacked the House newspapers for what he called their "vicious" opposition to his amendment, and Tydings (D. Md.), chairman of the territories committee, assailed as "dishonorable" the bill's three-cent a pound tax on Philippine coconut oil.

Couzens said the ten per cent he proposed to be added to all individual tax returns for 1935 was but a "bite of the cherry compared to what we will have to pay to balance the budget and get out of the depression."

Tydings said the Philippine tax violated the independence act already accepted by the island legislature and that any claim of benefit for the American farmer was only "illusory."

Most of the new revenue from the bill would not start coming in until 1935.

The largest new revenue producer will be the one-tenth of one per cent tax on the declared value of corporation capital stock and an excess profits tax of five per cent on earnings on such value above 12 1/2 per cent.

Next come the higher levies on the transfer of estate after death with rates ranging from one to 60 per cent against one to 45 per cent now.

The bill also abolishes the privilege now accorded corporations to file consolidated returns for themselves and subsidiaries. Railroads, however, would be permitted to continue to file single returns.

Changes in the income tax structure included.

Instead of the existing four per cent normal tax on the first \$4,000 of individual net income and eight per cent on the excess, the bill levies a flat four per cent rate on all net income and retains present exemptions of \$2,500 for married and \$1,000 for single persons, with an additional \$400 for each minor dependent.

Net income is that part of the income which remains after deductions have been made for interest, other taxes paid, losses by fire or storm, bad debts and contributions. Personal exemptions and deductions for dependents are made from the net income to give the taxable income.

Landlord Removes Window Glass To Evict His Tenant

Joliet, Ill., May 3.—(P)—A landlord's novel effort to evict a non-paying tenant today by removing all the glass in the house was blocked by police.

The policemen responded to a call from Edgar Mackay White, who, although admitting he owed back rent, complained that the landlord was digging out the glass in the windows. Three panes had already been removed, but the landlord fled as police arrived.

STILLS SEIZED

Collinsville, Ill., May 3.—(P)—Three large stills were seized in raids here today by agents under Ralph E. Herriek in charge of the St. Louis office of the alcohol beverage unit, department of justice.

The agents said the stills were elaborate plants capable of producing more than 400 gallons of alcohol daily.

Three persons, John Ardison, Henry Paoli and Virginia Zanprosa, were arrested.

WOMEN APPOINTED

Joliet, Ill., May 3.—(P)—Appointment of Mrs. Jesse Hirschfeld of Joliet and Mrs. Margaret Cogswell of Morris at the two state penitentiaries here was announced today by Colonel Frank D. Whipp, warden.

Their duties will be to minutely search all women visitors to prevent smuggling of arms, saws, drugs and other contraband.

STUDENT KILLED

Urbana, Ill., May 3.—(P)—Lowell Walker, a sophomore student at the University of Illinois from McLeansboro, died in a hospital today shortly after he had been struck by a truck while riding his bicycle. D. C. Harvey of Homer, the truck driver, was not held.

BLAST VICTIM

Alton, Ill., May 3.—(P)—Clyde E. Baumgardner, 34, was killed this afternoon in an explosion at a mixing shed of the Equitable powder company. Baumgardner was an employee of the company.

## FRANCE'S BIG ARMY WILL BE BIGGER, CLAIM

### German Menace Blamed For Expansion In Forces

By John Evans  
Associated Press Foreign Staff

Paris, May 3.—(P)—France's big army may grow bigger to meet what French officials call the German menace. It was learned today through a project for lengthening the military service of conscripts.

The great force numbering nearly a million men that France had when war came in 1914 has shrunk to half that strength, and members of the general staff asserted the German army is numerically superior to the French.

The revelation of the cabinet's plan, regarding longer service came through the socialist leader Leon Blum, who seeks to prevent action on it before the government commits itself.

Marshal Henri Pétain, premier of war, proposes to increase the present term of compulsory service of one year to fifteen months, with a possible further extension to two years of training if the Hitler government continues what French statesmen describe as its present program of re-arming.

The project was presented privately to members of the Chamber of Deputies' subcommittee on national defense by Marshal Pétain after getting the approval of Premier Gaston Doumergue.

It is in line with the French opinion that the future is uncertain, that faith in disarmament has gone over the dam, that reliance on steel and brass has replaced diplomacy, and that the national government should seek a superior army, air force, and navy to protect the country in the event of war—which some here believe is inevitable.

And, standing on her own, France is building more forts, more airplanes, and more ships.

Just as in 1914 when military service was suddenly increased from two to three years, so it is proposed to strengthen the army by longer service.

This scheme will be offered as a necessary balance to the current diminution of conscripted youths because of the low birth-rate in the war years.

The French army budget lists 25,633 officers and 425,664 men, but military experts declare the real strength is about 100,000 less because soldiers "are valueless until they have been trained six months."

The often-heard contention that the German army is larger than that of this country is based on the French figure of 250,000 fighters—disregarding white native troops stationed in the colonies and protectorates where, it is said, they must be maintained especially in case of war.

Socialists, meanwhile, are displaying intense opposition to the conscript plan and are seeking to smother the idea at the start.

## STUDENTS BATTLE POLICE IN CUBAN STREETS; 1 DEAD

### University And High School Leaders Brand Affair "Massacre"

Havana, May 3.—(P)—A violent mid-town clash between high school students and soldiers today left one dead and seven wounded upon the streets and a serious reaction to the government appeared inevitable.

Students leaders branded the affair a "massacre," while university and high school officials registered indignant protests.

Soldiers fired directly upon the demonstrators and flooded the section with tear gas.

Long before the smoke of battle cleared away Dr. Josea Presno, rector of Havana University, and Dr. Gustavo Aragon, principal of the high school, visited the palace separately and presented protests to President Carlos Mendieta.

Dr. Presno termed the action of the army "juvenile," while Dr. Aragon denounced the "unprovoked and unqualified attack" by the soldiers.

Except for one soldier and an aged onlooker, the victims apparently were all students.

The fighting, which continued most of the afternoon, turned four streets around the high school into a veritable war zone.

When the students emerged from the school and dragged benches out into the street to form barricades impeding traffic the soldiers opened fire directly at them.

A scene of wild disorder ensued while the youths rushed pell mell for shelter, leaving several comrades wounded in the street.

"This is worse than Machado," the students shouted, referring to the administration of former President Gerardo Machado. They declared they could not give five al to their companions in the school building because of the tear gas.

CONDITION SERIOUS

South Bend, May 3.—(P)—The Rev. Charles L. O'Donnell, president of Notre Dame University, tonight held his ground in his struggle against an illness that threatens his life. Physicians attending the educator described his condition as improved but still serious.

## WILLIAM WOODIN DIES SUDDENLY IN N. Y. HOSPITAL

### Dies Suddenly

WILLIAM H. WOODIN

### Was Treasury Secretary For Several Years

New York, May 3.—(P)—William H. Woodin, whose warm friendship for Franklin D. Roosevelt led him to take the helm of the treasury in one of the nation's gravest crises, died tonight.

The industrialist and composer, whose health had been frail in recent years, died in a hospital of the ravages of a throat infection. He would have been 66 years old late this month.

For seven months, through the strain of the national bank holiday and the unprecedented monetary experiments of the "new deal," Mr. Woodin held to his post until last November when he first obtained a leave of absence and finally, on January 1, resigned as secretary of the treasury.

Inflationary Policies.

The president, whom he called "governor" and by whom he was in turn addressed as "Will," several times took occasion to acknowledge the value of the counsel and administrative ability of Mr. Woodin. Criticism—that Mr. Woodin was out of sympathy with what were popularly called "inflationary policies" of the president and that the appearance of his name in the J. P. Morgan inquiry was embarrassing—cropped up occasionally, but the friendship of the president and secretary was often publicly reaffirmed.

Not long before the end, one of Mr. Woodin's physicians related, he had talked affectionately of the president.

Mr. Woodin's throat infection troubled him during the summer of 1933. He came to New York and for a time virtually ran the treasury by telephone. He finally returned to the capital, but by fall his condition was such that his doctors felt a change of climate was imperative.

November 16, the president made public an exchange of letters in which the secretary obtained a leave of absence and the president assented while expressing the hope Mr. Woodin might eventually return to office. But Mr. Woodin never saw Washington again.

He went to Arizona, and finally on January 1 Mr. Roosevelt announced his resignation and the appointment of Henry Morgenthau, Jr.

He returned to New York, by coincidence, on the first anniversary of the Roosevelt administration and was generous in his praise of its accomplishments. On that day he gave an interview while other cabinet members joined in Washington in an unusual dinner to the president.

Then April 2 Mr. Woodin suffered a hemorrhage and was hurried to the Manhattan eye and ear hospital. Ten days afterward an improvement in his health was reported.

However, Mr. Woodin was confined to bed at the hospital at the outset and had been critically ill for at least 24 hours, unconscious five of them, until his death at 6:15 p. m. (Eastern Daylight Time.)

Mrs. Woodin, hopeful to the last that her husband would recover, was reported as "frightfully shocked" at his death. Although physicians had told her of the seriousness of his condition, she remained optimistic and hoped he could be pulled through.

Perhaps the last remark made by Mr. Woodin before he sank into a coma was one of solicitude for his wife.

Shortly after last midnight, when he was semi-conscious, Dr. Jerome Wagner and a night nurse were giving him some water. The nurse asked whether it were still raining.

"Pouring," said Dr. Wagner.

At this Mr. Woodin roused himself and, believing that it was still early in the evening, said: "Call Mrs. Woodin and tell her to be sure and not come out if the weather's as bad as that."

Mr. Woodin had been accustomed to spend evenings at the hospital, and Woodin was hazy about the time when he roused himself. Both Mrs. Woodin and a daughter were with him at this end.

During his illness, a number of specialists were called into consultation from time to time by Doctors Wagner and Robert Buckley, the former said.

"Mr. Woodin had been ill since last April (1933)," Dr. Wagner said. "He kept on working, though he was advised by Dr. Buckley and myself to stop before he died."

"He was seriously ill in January when he was in Tucson, Ariz. He returned in March and was confined to his bed for the past month or month and a half. To the end he remained cheerful, considerate, and one of the loveliest patients I ever have had."

Dr. Wagner gave the cause of death as nephritis and uremia, following upon an infection of the throat and neck.

Mr. Woodin, whose hobby for composing symphonic music brought him much attention, achieved success as an industrialist long before he was

TALLENT CONVICTED

Wapello, Ia., May 3.—(P)—Eddie Tallent, 24-year-old St. Louis man, was recommended to life imprisonment at the St. Madison penitentiary this afternoon when the jury deliberating his case in the killing of Martin Wolz, Oakville farmer, found him guilty of first degree murder.

The jury reported to Judge James Smythe at 2:35 after deliberating since shortly after 3 o'clock Wednesday afternoon. Judge Smythe set 10 o'clock Friday to pass sentence.

BAIL REDUCED

St. Paul, Minn., May 3.—(P)—Bail for Evelyn Frechette, erstwhile companion of John Dillinger, held under federal indictment of harboring the Indiana fugitive, was reduced today from \$60,000 to \$35,000 by Judge M. M. Joyce.

## Health in Illness

We are in the midst of Health Promotion week in Illinois and Dr. Frank J. Jirka, head of the state Department of Health, has issued some facts and figures that should receive attention. The most important fact he cites is that fully one-fourth of the state's population has not the economic ability to resist disease. Ten per cent of the families are still on relief rolls, and another large bloc of the inhabitants cannot afford medical care. The people are living on incomes which afford only a bare subsistence and do not permit the employment of physicians or the correction of physical defects in children that may hamper their entire lives.

Public health budgets have been so reduced that many communities are without adequate health service. Protection against epidemics has been decreased. Illinois had worked up its health service to a point where the lives of 5,000 persons were spared annually and 50,000 less people were sick. That improvement has been made in the past ten years, but it can easily be lost if a fourth of the people cannot find means to resist disease. Compelled to live under abnormal conditions, these people would be most likely subjects for the spread of disease.

The gain of 5,000 lives annually has been made in five diseases, tuberculosis, scarlet fever, typhoid fever, diphtheria and diptheria. But tuberculosis is already again on the increase, and if conditions are not bettered, the other diseases may regain their ability to ravage society.

Dr. Jirka pointed out that the crowding together of people in large cities and the ability to get from place to place quickly over long distances are new factors contributing to the spread of communicable disease, factors which make public health service all the more necessary. The health problem is of course coupled with the depression. The question of medical care for those who cannot afford it is again before the people, and certainly it should receive some attention of human health is to get the protection it needs.

## What Bullitt Saw

Ambassador William C. Bullitt stood on a reviewing stand facing Red Square in Moscow on May 1 and saw things which must have surprised him. Russia had no May day disturbances, and the police did not club anybody as they did in France; but Russia did have a celebration, in which the Communist government officially participated.

Mr. Bullitt saw the review of an entire army corps, the Moscow garrison, by Dictator Joseph Stalin. He saw a parade of 600 modern army tanks, some of them dreadnoughts, with rapid fire guns mounted fore and aft. He saw one of the most spectacular airplane exhibits ever staged by any country. A fleet of 160 heavy bombers and 380 pursuit planes roared low over the square in military formation. The Russian citizens cheered the fleet and the tanks.

It is doubtful whether the United States could assemble so many planes, and as for tanks, we would probably have to borrow them. It would be a task to assemble a single army corps for such a review. Russia seeks non-aggression pacts with many nations, but she is ready for any emergency. It was rumored and predicted that Japan would start a war with Russia this spring. Well, spring is here, and Japan contents herself with telling the world to stay out of Asia. Perhaps Mr. Bullitt saw the reasons why Japan has not started war with Russia.

## A Persistent Scot

Hugh Joseph McLeod has been ordered deported to Scotland for the fourth time. He has a wife and two children in San Francisco, and his heroic attempts to remain with his family make one wonder if our immigration laws are a bit too harsh. He was recently found on an American-bound steamer, almost unconscious for lack of food and water. He had shipped as a stowaway to try once more to reach his wife and children. Now the government says he must go back to Scotland.

McLeod came to Canada before the war and served with a Canadian unit. A few years ago he came from British Columbia to San Francisco, married an American girl and settled down without bothering to straighten out his citizenship. In 1932 the immigration authorities picked him up on the charge that he was an undesirable alien, because he had been accused of a \$10 jewelry theft in British Columbia. They overlooked the fact that many a murderer is at large in this country, and that American courts have acquitted men guilty of worse crimes than stealing \$10 worth of jewelry.

McLeod was deported; but he came back and rejoined his wife. Again he was sent away, but in three months he returned. The third time he got an 18-months sentence in Leavenworth for violating the immigration laws. They kept him six months and then shipped him back to Scotland. Now he is to be deported for the fourth

time. His oldest child is seven, and his youngest, whom he has never seen, is ten months. In the days of slavery northern people made great capital of the fact that negro families were separated at the auction block, that children were torn from their mothers' arms, and husbands and wives were separated by cruel masters. But our immigration laws do the same thing today, and we think nothing of it. The trouble is we do not always get the really undesirable aliens, but make examples of those who would make good citizens if they were given a chance. Why not forgive this man his trespasses against British law and give him the opportunity to become naturalized, at the same time permitting him to rejoin his family?

## Banks Show Gain

Improvement in the condition of banks of the nation from January, 1933, to January, 1934, has been so marked that the figures compare favorably with those of the past eight years, which expansion reached its peak in 1929.

This fact is brought out by John V. Beatty, editor of the Bankers Monthly, of Chicago, in an article analyzing the statistics in the Bankers' Blue Book, the first authoritative figures for 1934 covering all banks of the country.

"The ratio of resources to deposits is higher now than it was in 1929," Mr. Beatty said in discussing the figures that relate to 16,233 individual banking institutions.

"In fact, only two years during the last nine have shown a slightly higher ratio than the one that exists now. The 1934 figures show the resources are 122.6 per cent of deposits. In 1929 the ratio was 120.7 per cent. In 1930 there was a margin of 24.5 per cent of resources above deposits and in 1933 the margin was 23.6 per cent. During all other years since 1926 the ratio has been smaller.

When we compare 1934 with 1933 we find that the banks' position has been greatly improved. For example, in 1933 capital and surplus (net worth) was 7.5 per cent of the total resources whereas in 1934 it has been doubled. It now is 15.38 per cent. The significance of this greater strength to the banking public and to the economic welfare of the nation can hardly be estimated."

The increase in net worth Mr. Beatty attributed partially to the investment in preferred stock and capital notes of certain banks by the Reconstruction Finance Corporation, which has strengthened their capital position, but he also pointed out that the general economic recovery and increasing values of the past year have brought similar increases in the value of bank assets.

**Livery Stable is Gone Forever**  
From the Minneapolis Journal.

We have heard much in the last decade or two about the return of the horse. When there is much to be done that must be done quickly, the horse cannot compete with the motor. But on the other hand, a horse has a longer life than a motor, and his feed bill is less. In times of stress, or where there is no great hurry, the farm horse may find a place.

The census of 1920 showed more than 20 million horses on the country's farms. In 1930 the number had sunk to 13 million. But in March of 1933 it had risen to 15 million. The horse may return to the farm, to some extent, but he will not pull street cars again, nor can the bus make use of him. He is far too slow and he does not take the hills as the motor does. In the cities the horse's place seems to be found in the practice of equestrianism. There will always be those who love the horse for himself, though they are comparatively few in number.

One institution that, with the passing of the horse, the country has missed, has been the old-time open forum known as the livery stable. In this present retreat, with its generous leisure, its good companionship and its familiar odors, national policies were discussed, the gossip of the day considered and judgments passed. The garage, lacking the necessary leisure, has not taken its place.

It is unlikely that the horse will return sufficiently to bring back this splendid national institution—the livery stable now vanished from the coasts of time.

## The New Deal in Washington

**Ikkes Spikes G. O. P. Guns in U. S. Mine Chief Squabble . . . Congressman Johnson Stands for No Gyps . . . Hitler Plot Against Soviet Rumored . . . Hines in Bad For Boost to Senator Reed . . . Communists Make Lofty Claims.**

By RODNEY DUTCHER  
Journal-Courier Washington Correspondent

Washington, May 3.—The Republican GHQ secretly crouched to pounce on what it thinks will be the first invasion of the federal scientific services by Democratic spoilsmen, might as well relax.

Secretary of Interior Ikkes has surreptitiously disappointed it. The job involved is that of Scott Turner, chief of the Bureau of Mines, Hoover appointee. The bureau has just been transferred from the Commerce Department, to which Hoover annexed it years ago, back to the Interior Department. Turner is an expert, unconnected with politics.

Word got around that Democrats would use the reorganization to get rid of Turner and put in a fellow with political endorsements. At least a dozen mining states formally advanced candidates for the job and there's been plenty of patronage pressure.

Ikkes fooled politicians in both parties by quietly appointing a committee of scientists to which he gave a list of names, including Turner's. The committee may even decide to recommend Turner. Anyway, there'll be little excuse for the G. O. P. barage now planned.

## Congressman Foils a Gyp

Members of the House were astonished the other day to find themselves being chauffeured up and down in a Capitol elevator by Congressman Jed Johnson of Anadarko, Okla. His nephew, L. D. Johnson, is the regular operator.

It seemed young Johnson had had to take an hour off to keep an engagement and an acquaintance had offered to handle the elevator for a dollar. Uncle Jed heard about it and insisted it was highway robbery. He'd run it himself first. And he did.

## Accuse Hitler of Giant Plot

Certain people who make it part of their business to report confidentially to the state department on their return from trips abroad have dropped the tip that Hitler and his buddies are promoting an ambitious scheme to draw a "steel ring" around Russia and then close in.

Such reports square with knowledge of Germany's recent secret overtures to Japan and the known belief of some Nazi leaders that they should seek expansion eastward.

Hitler, apparently, wants to line up Japan, Rumania, Poland and the 30,000,000 Ukrainian Russians. If he could persuade Mussolini to send the Italian fleet into the Black Sea, so much the better.

The story seems fantastic and much of the evidence is inferential. But our diplomats wouldn't put it past Adolf. They doubt, however, whether Hitler can break up the French hegemony known as the Little Entente, which includes Poland and Rumania.

The French government recently sent a high-pressure salesman to Poland, who reported that the Poles weren't having any of Hitler—at least for the time being.

**Hines Talks Our Turn**  
Someone in the Senate may yet rise to cuss out General Frank D. Hines, Veterans' administrator for his kind remarks about Senator David A. Reed of Pennsylvania in a recent speech. Anyway, there's plenty of cloakroom squawking about it.

Republican Reed, in a hot fight for nomination against Governor Gifford Pinchot, took Hines along to a rally at the Union League club in Philadelphia.

Hines referred glowingly to Reed's record and is reported to have said: "We need more Senator Reeds in the Congress of the United States."

Hines, official in a Democratic administration, was a Hoover appointee.

**Reds' Claims Soar**

The recent Communist convention at Cleveland reported a party membership of 25,000. A Communist publication, meanwhile, reports that 1,500 persons "sign the red cards of Communism monthly . . . they become part of the leadership of the Communist Party represents today; they lead the masses in the heightened class struggle against the ultra-demagogues of NRA and Roosevelt; they strike against the constantly decreasing wage standards and increasingly burdensome conditions of labor; they war against the hunger of mass unemployment."

There's no way to check the latter figure, but it's probably greatly exaggerated.

## Hog Cholera Found on Morgan Co. Farms

Hog cholera has appeared in this county, and farmers would do well to take precautionary measures. The disease has been found on two farms west of the city, and on another farm in the northeast section of the Jacksonville community.

It has been sometime since this county had an epidemic of cholera and farmers are hoping there will be none now. The disease is especially fatal to the spring pigs, and if it gets started may cause considerable loss.

## WILL ROGERS says:

To the Editor of the Journal and Courier:

San Francisco, Calif., May 3.—See where the U. S. Chamber of Commerce are gathered in Washington again. It's the caviar of big business. Last time they met I happened to be in Washington, and was the guest of Jesse Jones, (head of the Reconstruction Finance) at their dinner. Now the whole constitution, by laws, and secret ritual of that orchid club, is to "keep the government out of business." Well that's all right for every organization must have a purpose, but here was the joke, they introduced all the big financiers, the heads of this, that, and the other. As each stood up, Jesse would write on the back of the menu card, just what he had loaned him from the R. F. C. (I got that menu card yet) they said "keep the government out of business."

Yours, WILL

## Plan Banquet for Fathers and Sons

Roodhouse, May 3.—The father and son banquet of the Methodist church will be held in the church basement on Friday evening at seven o'clock. A chicken supper with all the trimmings will be served by the members of the Goodwill Circle.

Mayor Fred Todd will give the introductory talk. James Orr will lead the pep singing. Harold Short and Delmar Wintler will be the soloists of the evening, and Rev. James Wilson, of Macon, son of the local Methodist minister, will make the main address. There will be other music and short talks.

On Sunday, May 13, Mother's Day, Rev. James Wilson, of Macon, and his father, Rev. Milton Wilson, local Methodist minister, will exchange pulpits for the day. Rev. James Wilson and his family will spend that week-end here.

Jess Martin and Alfred Crabtree of Martin's Jewelry store went to St. Louis this morning for three days to attend a service school of instruction for the Norge Refrigeration Company.

Mr. and Mrs. Oren Fitzsimmons of Jacksonville were Wednesday evening visitors in the home of Mrs. Fitzsimmons' parents, Dr. and Mrs. C. R. Thomas.

Lee Hopkins of Roodhouse and Charles Gano of White Hall transacted business in St. Louis Thursday.

The T.N.T. Bridge club was entertained at the home of Mrs. Ward Logan Wednesday afternoon. Those present were Mrs. Fred Harris of Jacksonville, Mrs. Ralph Beck, Mrs. Beryl Wicks, Miss Jane Neal, Miss Dorothy Wilkinson, Miss Myra Dean and Miss Edna Lee. The holder of high score was Miss Wicks and low Miss Wilkinson. Mrs. Logan served refreshments after play. The next meeting will be held at the home of Mrs. Harris in Jacksonville, May 16.

## WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to rouse you. Instead, get a little bile into your system. Bile is the only thing that will wake you up.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blocks up your stomach. You have a thick, bad taste and your breath is foul. Skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes these good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't take for liver pills. Ask for Carter's Little Liver Pills on the red label. Resist a substitute. 50-cent drug stores. © 1931 C. M. Co.

## 150 KNIGHTS ATTEND COMMUNION SERVICE

Jerseyville, May 3.—One hundred fifty Knights of Columbus and their guests attended Holy Communion in a body at the eight o'clock mass at the Holy Ghost church in Jerseyville April 29th. The church was crowded beyond capacity, many being unable to gain entrance to the building.

The organization each year designates one Sunday for the group to attend communion in a body and this year an invitation was extended to the friends of the Knights to join the members in Communion.

The men met at the club rooms of the lodge on State street at seven-thirty o'clock and marched to the church. Following the mass a breakfast was served in the clubrooms.

Aloys J. Schleper, Grand Knight of the local council and Attorney M. L. Gibbons, deputy grand knight, served the mass.

## Blind Swimmers to Splash at Hannibal

Two teams representing the Junior and Senior divisions of the School for the Blind will compete against similar teams at the Hannibal Y. M. C. A. Friday evening.

Preceding the swimming meet a musical program will be presented in the lobby of the "Y."

This is the third meet of the year for the blind swimmers; the first meet, held at the local school March 31 with the Hannibal teams, resulted in a 954 to 674 score for the blind team. The second meet held in Quincy April 21 was lost to the Quincy teams by the score of 98 to 71. Several of the races there, being won by Quincy by very scant margins. The meet will consist of 18 events, ten for the Senior and eight for the Junior teams.

While in Hannibal the Jacksonville boys will be the guests of the "Y."

It is the hope of R. W. Woolston, Superintendent of the school, and Carl Werner, boys director, to schedule meets with two or three other Y. M. C. A.'s next year, such as Springfield, Decatur, Granite City or Alton.

If plans can be worked out, it is also hoped to have a telegraphic meet with other blind schools in the United States, that have swimming pools.

Mrs. S. A. Harvey of Roodhouse was among the Thursday visitors here.

## PUBLIC SALE

Friday's consignment sale at Woodson will have horses, mules, lots of milk cows including 16 pure bred Jersey springer heifers, Hereford cows and calves, stock cattle, lots of hogs and other offerings as usual.

**RETURN TO WORK**  
Belleville, Ill., May 3.—(P)—About 125 employees were back at work at the Knapp-Monarch company here today. Employees of the plant struck April 14 when demands for a wage

increase, dissolution of a company union and reinstatement of three discharged workers were refused by the company.  
Walter Giller, Jr., of Roodhouse was a caller in the city yesterday.

## Chicago Lawyer Has Asked President to Stop Experimenting

Washington, May 3.—(P)—The Chamber of Commerce of the United States heard today a call requesting President Roosevelt to "cease experimenting" and asking congress to stop enacting "hysterical legislation."

Silas Strawn, former chamber president and a leader of its conservative wing, asserted in an address that business men now wanted "more definite promises" in order to plan their future conduct.

The Chicago lawyer ran directly counter in tenor to the generally approving remarks of Henry I. Harp, man, president chamber president, concerning the new deal.

Strawn attacked what he called the abandonment of a scheme of government which has made "us happier and more prosperous than any other nation."

He called for a three-way action by Mr. Roosevelt:  
Balancing of all governmental budgets; a definite announcement that there will be no more requests for emergency legislation and "no more tinkering with the dollar," and a revision of the securities act and proposed stock exchange legislation.

Business men gathered at the 22nd annual convention listened to Strawn after hearing Hugh S. Johnson talk on criticism and the throwing of "pop bottles and dead cats" at last night's session.

The NRA chief said his organization had been shaped in part by criticism. Asked directly if the principles embodied in the recovery act were to be permanent, he replied:

"If there has been any good demonstrated by the recovery act, it will live and it ought to live; if there has been any bad it will die and it ought to die."

While not so outspoken, other speakers who followed Strawn today also found room for criticism, mostly centering around the securities act.

## Justice Department Plans Crime Thrust

Washington, May 3.—(P)—The justice department outlined today a \$2,000,000 thrust at crime. It will ask congress for this sum to buy more guns and pay more men.

A shortage of federal "artillery" was disclosed to have led to the arming of federal Dillinger-chasers with machine guns captured from other mobsters.

Several machine guns taken from Harvey J. Bailey, Albert Bates and George "Machine Gun" Kelly, convicted as kidnapers of Charles F. Urschel, Oklahoma millionaire, have been removed quietly from a showcase at the department in the last few days and issued to agents assigned to the Dillinger case.

Attorney General Cummings was represented as "ready" to ask congress for sufficient funds to engage as many as 200 to 300 additional division of investigation agents and to equip them not only with guns but also fast motor cars.

The justice department's appropriation for the present fiscal year totaled \$41,231,835. For the year beginning next July 1 the department has been allotted only \$28,700,778. With congress speeding through a variety of federal anti-crime bills officials anticipated little trouble for the new money request.

Still another anti-crime unit—aimed at bootleggers—is being whipped into shape. Arthur J. Mellett, who described himself as a "personal dry but not a fanatic," arrived here yesterday from Kansas City to take over the treasury's alcohol tax unit of 3,600 men.

Half of this force will be used by Mellett as a militant anti-bootlegger organization. The other half will supervise the legitimate trade.

## Nazis Reveal Plans for Slaying Hitler

Berlin, May 3.—(P)—Details of a "Jewish plot to murder Adolf Hitler" appeared today in an officially countenanced special edition of the anti-Semitic weekly, "The Stormer."

Twelve pages were devoted to discussion of "Jewish ritual murder," climaxing with the allegation that world Jewry is planning "the biggest, more gruesome ritual murder against Hitler and his followers ever witnessed by the world."

Asserting that Czar Nicholas was a victim of a similar plot, the paper said "The Aryans of the world, the pick of humanity, are to be annihilated."

"That is the wish of all Jewdom and it has been resolved by the Jewish kahal (Jewish secret world government)."

As chief evidence of the asserted plot, The Stormer cited what was presented as a Jewish New Year postcard, dated 1933, which was reproduced showing a sacrificial rooster, swastika-marked and bearing a picture of the head of Hitler.

"This demonic wish," the paper said in referring to the plan, "shall never reach fulfillment. The Jewish problem is nearing solution."

Then it gave instructions for rendering the "Jewish pest" impotent on a world-wide scale. Anti-Semitic propaganda and tireless agitation were advocated.

## KENTUCKY GOVERNOR SPURNS GUARDS WHEN DEATH THREATS SENT

Frankfort, Ky., May 3.—(P)—Adj. Gen. H. H. Denhardt assigned state troopers to guard the executive mansion and the capitol because Gov. Ruby Laffoon has received threatening letters, but the governor won't have them around.

Overruling the adjutant-general, the chief executive said: "There are no guards around the mansion and there won't be any."

The adjutant general was forced to yield. There were no guards at the mansion last night.

"If I get a few minutes notice before anyone starts shooting," the governor said, "I'll outrun any of them in spite of my game legs." Governor Laffoon is slightly lame.

One of the letters threatened the governor's life and a bombing of the mansion unless a pardon was issued within ten days for Neal Bowman, Ohio fugitive charged with two Kentucky murders who is confined in the state reformatory here.

Chicago, May 3.—(P)—Association of Commerce experts estimated that coal prices announced by the NRA code authority for West Virginia and eastern Kentucky would boost Chicago's next winter's coal bill by about \$2,000,000.

## RANDOL NORVELL HAS AGAIN ELUDED POSSE MAKING HARD SEARCH

Murphysboro, Ill., May 3.—(P)—Randol Eugene Norvell, fugitive kidnaper, and his companion James O'Connell, today again eluded the posse of 200 which has pressed a relentless search for the pair since Southern Illinois State prison to liberty last Friday.

Late yesterday the two escaped convicts were reported "bottled in" near here, but today the weary possemen

apparently had been outwitted by the fugitives. Sheriff William Ozburn said, however, he was certain the men still were in a heavily wooded section near here.

The men, one a farmer living in the Hickory Ridge area where the search was concentrated, were held as suspects in harboring the two criminals. The second was a youth said to live on the farm, from which Norvell and his companion are thought to have fled minutes before possemen arrived.

One member of the posse, Ray Worthen, broke his thigh when he fell 50 feet over a cliff. Later he told

fellow officers he had heard the two fugitives nearby while he was awaiting aid.

Norvell was serving a life sentence as a convicted leader of the August A. Luer kidnapping at Alton, Ill., last July. O'Connell was in prison on an indeterminate sentence for burglary.

Carl Anderson of Orleans was among the Thursday visitors here.

Alexander callers in the city yesterday included Clyde Cox.

Leroy Castle of Winchester was transacting business here Thursday.

## Today's Patterns

An apron frock for summer days. It lies on the shoulder and has a low back. Pattern 241

Adorable is this little frock of dotted Swiss with ruffled collar and shirring. Pattern 217

MOTHER'S little pets are sure to enjoy themselves in cute little frocks like those illustrated here. The large dress (Pattern 241), which can be made in gingham, percale or chambray, comes in sizes 6 to 14 years. Size 12 requires 2 1/2 yards of 35 inch fabric plus 2 1/4 yards of 1 1/2 inch bias binding.

The little frock (Pattern 217) may be made from dotted Swiss. It is designed in sizes 1 to 5 years. Size 3 requires 1 1/2 yards of 35 inch fabric plus 1-2 yard contrast.

To secure a PATTERN and simple sewing chart of these models, tear out this sketch and mail it to JULIA BOYD, 103 PARK AVENUE, NEW YORK, N. Y., together with 30 CENTS FOR BOTH or 15 CENTS FOR EACH. Be sure to enclose on a separate sheet of paper, YOUR NAME, FULL ADDRESS, YOUR SIZE, THE NUMBER OF THE PATTERNS (No. 241 and No. 217), and mention the NAME OF THIS NEWSPAPER.

Address your envelope to Julia Boyd Bureau, 103 Park Avenue, New York Jacksonville Journal-Courier Fashion City, N. Y.

**Would You Pay \$2.00 to Lose 50 Pounds of Fat?**  
Mrs. J. A. May of Pittsboro, N. C., writes: "I took Kruschen for reducing for 3 mos. and lost 50 lbs. It's the easiest and healthiest way. I weighed 180 and now weigh only 130. I feel better—look better than ever before."

Don't let burdensome fat make you inactive, peevish and unattractive—you, too, could be a lovely, slender, animated creature if you'd only take off that excess fat with a half teaspoonful of Kruschen Salts first thing every morning in a glass of hot water. Kruschen is SAFE—that's why so many physicians prescribe it—it's actually a health treatment which establishes proper and normal body functioning thus getting rid of ugly fat without leaving skin sagging or wrinkled—it brings new energy, clearer skin and freedom from fatigue. A jar lasts 4 weeks and costs but little at any drugstore the world over. You must be satisfied with results or money back.

## Nine Schools Enter Greene County Meet

White Hall, May 2.—(Special).—W. A. Knoop, manager of the All Greene County track and field meet has completed the program and the list of officials who will handle the meet to be held here Friday afternoon on White Hall' newly reconstructed track. Nine high schools in the county will send athletes here for the third annual all-county meet.

This year's champions, who will have to take the title from White Hall, the defenders, will receive an 18 1/2 inch cup upon which has been placed a track figure. Second place winners will receive a 14 1/2 inch trophy similar to the first place award. The winners of the relay will receive the Dodge track trophy, and the winners of the shuttle relay for freshmen teams will receive another cup with a track figure upon it. Ribbons will be awarded to point winners in the first four places.

Ernest Savage, Journal-Courier sports editor, will be referee and starter of the meet. Timers will be Close, White Hall; Pewter, Rockbridge and Hanson, Carrollton. Judges will be: Barr, Rockhouse; Woods, Hillview; Girhard, Greenfield, and Stead of Carrollton. Judges of the weight events will be McLane, of Kane, and Collins, of Hillview. Whiteside of Eldred and Atteberry of Patterson will be in charge of the field events. Richard Bell, of White Hall, will be the chief clerk.

The program for the afternoon is as follows:  
1:30—Pole vault, followed by high jump and broad jump.  
1:30—120 yard high hurdles (preliminaries).  
1:40—100 yard dash (preliminaries).

### Schools Best Curb on Crime Situation

Speaking on "Crime and Education" Dr. R. O. Stoops, superintendent of the Jacksonville schools, told members of the Kiwanis club at their Thursday meeting, that the schools do more than any other agency to keep down crime, and the cost of operating the country's great school system is only one-fourth as much as is spent in

fighting crime. And, said Dr. Stoops, cut down school allowances and the crime bill will increase; schools are our best investment.

The speaker said that the depression has brought about a huge moral breakdown, but it has also shown that the American people have great fortitude. Schools have contributed more toward this characteristic of fortitude in American citizenship than all other forces combined.

Dr. Stoops characterized the country's school system as one of the big businesses of the nation. It ranks sixth where dollars and cents are considered, agriculture, railroads, oil, electricity and lumber businesses leading. As an employer of labor the schools rank fifth.

The high school enrollment since 1870 has doubled every decade since, said Dr. Stoops. In 1870 there were 50,000 students enrolled and today there are five million young people attending high school. The United States has 84 per cent of the adolescents enrolled, while twelve per cent is the highest enrollment of any other country.

The greatest contribution this country has made to democracy is the establishment and maintenance of the American public schools. The schools are not perfect, said the speaker, but the enviable reputation the citizens of this country have made in exhibiting a fine spirit of fortitude in these trying years is directly reflected in the teaching given in the public schools and while crime exists it does so in spite of the schools.

Guests at the meeting of the Kiwanis club included O. G. Addleman, Springfield; Milton E. Jones, Williamsville; F. J. Flynn, Woodson; M. R. Goodyear, Springfield; P. L. Price, Kenosha, Wis., and Rex Klump of this city.

### Love

By Helen Welshimer

LOVE is a pretty dream, you say,  
A theme that the poets sing,  
Brief as the showers that fall in May,  
Fleet as a bird on wing,  
A fairy story that should be left  
In the heart of a picture book;  
A fantasy that one never finds  
Though he run with a questing look.

YOU never have held a rainbow, dear,  
Yet you have seen its glow,  
On a summer's day when a storm is done,  
Seventy times, I know!  
Faith is the substance of things unseen,  
We trust till the world's doors close,  
When did you touch a star, a wind,  
The fragrance that haunts a rose?

THE sea goes out with the ebbing tide,  
The end of the stars brings dawn;  
The cycle of seedtime and harvesting  
Year after year goes on,  
So surely your love will come to you,  
In peace or to maddened drums,  
For a heart must turn to another heart  
Hold to it when it comes!

### Driver Unhurt When Car Goes Down Bank

White Hall, May 3.—Another car accident occurred on the pavement north of White Hall, near the Ward Hull farm about six o'clock Wednesday evening, though no one was hurt. There have been a number of accidents within less than a quarter of a mile on this stretch of the pavement between White Hall and Roodhouse, though there are no curves and only a slight grade. Some of the accidents have been serious and others not so bad.

The one Wednesday evening occurred as Curtis Suttles, formerly of Roodhouse but now of Granite City passed a car parked on the pavement and was struck by a car driven by Charles McIvers of Roodhouse. Suttles was driving a new coupe and it was knocked down a fourteen foot embankment and turned over and landed astride a wire fence on the Hull farm. Suttles was alone and was en route to Roodhouse. His car was considerably damaged.

Miss Faye Camerer, R. N. of the White Hall hospital was called to Edward Sunday because of the critical illness of her father, Fred Camerer, who has since improved. Miss Camerer will remain at his bedside until he is sufficiently improved not to need the care of a nurse.

Born to Mr. and Mrs. Irwin Hutchens of Carrollton, in the White Hall hospital, early Monday morning, a daughter, who has been named Virginia Louise. She is the first child. The mother was formerly Miss Unetta Valentine.

### Pre-Nuptial Party

Miss Edith Hyatt entertained at her home on North Main street, May Day evening, ostensibly as a house warming to celebrate some new furnishings for her home, the guests being the teachers from the grades in White Hall school, but especially as a surprise for the two bride-elects from the grades, Miss Mildred Doyle who will become the bride of W. A. Knoop, principal and coach of the high school in June, and Miss Norma Hicks, who will wed William Wald, manager of the Kroger store, also in June. However, to add to the scheming the other teachers got together and planned a surprise for Miss Hyatt as well, and all came arrayed in bridal attire arranged with the aid of lace curtains. The gifts were towels wrapped to represent flowers of various kinds and were arranged in May baskets, each bride elect receiving a basket, containing a dozen towels.

The Past Worthy Matrons club of Guiding Star chapter O. E. S. met Wednesday afternoon at the home of Miss Jessie Griswold on North Main street, with Mrs. Posie Fry assisting hostess. There were fifteen members and two guests present. The afternoon was spent piecing quilt blocks, and plans were made for sending flowers to shut-ins. The next meeting will be held at the home of Mrs. Marcus McCollister on Apple Creek Prairie with Mrs. Norman Goodall assisting.

COMING! WATCH!  
WCBS Barn Dance Gang and Radio Show. Watch! Wait!

ing will be held at the home of Mrs. Marcus McCollister on Apple Creek Prairie with Mrs. Norman Goodall assisting.

Mrs. J. D. Rowe Entertains  
The Past Noble Grand club of Adams Rebekah lodge met in an all day meeting at the home of Mrs. J. D. Rowe on Carrollton street, Wednesday with sixteen members and one guest, Mrs. Fred McPherson, present. The ladies passed the time making quilt blocks. Mrs. Rowe was assisted by Mrs. Delbert Crabtree. The club accepted an invitation to meet at the home of Mrs. Martha Moody on May 16, in a special meeting.

Miss Mary Thomas is ill at the home of Mr. and Mrs. Maurice Thomas on East Lincoln street.

Mrs. Donald Dickerson left Thursday to go to Cape Girardeau to care for her sister, Mrs. Walter Westerfield and little daughter, Shirley Jean when they return home from the hospital where the child was born on April 21. Mrs. Westerfield was formerly Miss Pradaine Barnwell of White Hall.

**WASH OUT 15 MILES OF KIDNEY TUBES**

Win Back Pep...Vigor...Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy. They should pour out thru the bladder 3 pints of fluid a day which contains 4 pounds of waste matter. If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and distress. If kidneys don't empty 3 pints every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS... a doctor's prescription... which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes. Your common sense will tell you that this is impossible. Treatments of this nature may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS... the old reliable relief that contain no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-McBarn Co.

## Swimming Fete Held by MacMurray Girls

The Senior Physical Education majors of the MacMurray College, assisted by majors of the junior, sophomore and freshman physical education classes presented the annual swimming fete Wednesday evening in the MacMurray College gymnasium.

The pool room was decorated with life savers, which hung upon the walls. At one end of the room a ship's wheel added to the nautical scenery.

Upon a blue background at the other end of the swimming pool was a large white anchor.

Various sorts of swimming exhibitions of keen interest were given throughout the evening. Formation swimming and also swimming done to the rhythm of drums was enjoyed.

The final display was that of a formed "M" done by the swimmers in candle light. Fancy dives were also offered by the girls.

Those taking part in the affair were: Seniors, Katherine Prentzel, Virginia Cameron and Virginia Richardson; Juniors, Jean Bailey and Olive Young; sophomores, Frances Redden, Jean Coyne, freshmen, Elizabeth King, Helen Schlange and Dorothy Wilson.

Miss Venita Daniels provided the music for the exhibit.

Mrs. Margaret Bell of Salsora was a shopper in the city Thursday.

## Banish Body Odor This New Odorless Way

Leaves No M. S. (Medicine Smell)

It isn't the smell of a soap that gets you clean—it's the lather.

Ordinary toilet soaps don't lather freely enough in this hard water. They form a sticky soap-scum that works into the pores and dams up stale perspiration.

Strong-smelling soaps—no matter how much they lather—can't keep a secret.

Kirk's Castile, being a 100% pure vegetable oil soap, lathers abundantly, even in hard, cold water. It goes deep into the pores, mixes with the stale perspiration curds and sets them free. In a twinkling your body is as fresh and clean-smelling as a woodland breeze!

"Never Saw its Equal in Our Hard Water"—says citizen of McCook, Nebraska, where water is hardest in the state.

Try Kirk's Coco Castile today. It's odorless. And half again larger than average toilet soaps—an exceptional bargain. Be sure to ask for Kirk's by name.

OCEANS OF LATHER—EVEN IN HARD, COLD WATER

Try Kirk's Coco Castile today. It's odorless. And half again larger than average toilet soaps—an exceptional bargain. Be sure to ask for Kirk's by name.

### GIANTS DEFEAT PIRATES 5 TO 3

Pittsburgh, May 3.—(AP)—Travis Jackson, who only yesterday was taken out of the New York lineup for a pinch hitter, today batted the Giants to a 5 to 3 triumph over the Pirates as the world's champions opened their first western tour of the National League season.

Jackson batted in four of the Giant runs with two mighty wallops. The first was a triple with the corners crammed in the third inning which brought about the downfall of Lefty Larry French. The other was a home run off Waite Hoyt's delivery in the ninth which clinched the Giant triumph.

The Giants collected their other runs in the fourth when singles by Relief Flinger III Bell and Joe Moore and errors by Lloyd Waner and Tommy Thevenow loaded the bases. Hal Smith, who followed French on the hill, then passed Mel Ott to force Bell across the plate.

### PLAN PRACTICE AT GUN CLUB

Practice shoots will be held each Sunday morning from 9 until 12 o'clock. Ernest May, manager of the club, announced yesterday. The club probably will be opened officially for the trap-shooting season a week from this Sunday.

Mr. May plans to attend the district trap meet in Springfield this Sunday at which time he hopes to make arrangements with several prominent shooters to appear here on the opening program.

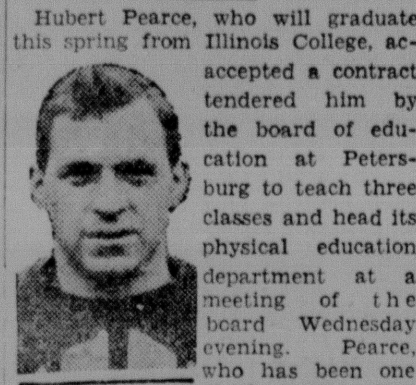

### FRANKLIN THUMPS JEFFERSON TEAM

With about 150 students rabidly supporting their teams, Franklin grade school players yesterday afternoon defeated the Jefferson school team on the Jefferson grounds 12-3. The game was played in the Grade School League and counts in the championship standing.

Wells did the hurling for the Franklin club, and Mitchell was in the box for the losers.

## HUBERT PEARCE SIGNS TO COACH AT PETERSBURG

Accepts Position as Teacher and Head of Physical Education Department—Will Graduate From Illinois College This Spring.

Hubert Pearce, who will graduate this spring from Illinois College, accepted a contract tendered him by the board of education at Petersburg to teach three classes and head its physical education department at a meeting of the board Wednesday evening. Pearce, who has been one of the outstanding athletes at the college during his four years here, was picked from a field of more than 200 candidates for the position.

During his college career, Pearce has played on the football, basketball and baseball teams, and has been captain of the basketball team. He came to Illinois from Johnston City, where he was captain of the team which won the state championship.

Pearce has had six years of work under Coach LaRue Van Meter, head of the Illinois College athletic department. Van Meter coached Pearce four years in high school and two years in college.

Verne Waldron, former star athlete of Eureka College, resigned his position with the Petersburg schools in order to take up life insurance work. He will begin his duties as soon as school is closed this year, and plans to work in and around Petersburg during the coming year.

## Routt to Meet Alexander H.S. On Nichols Park Lot Today

Routt high will play the first game of a three game card for the week-end this afternoon on the Nichols Park diamond, taking on Alexander H. S. Saturday afternoon the Rockets will meet St. Teresa of Decatur in a double header at the same field.

Routt recently defeated Alexander on the Alexander diamond, but does not regard its opponent lightly. The three year lads have been turning back other teams from around this city during the spring campaign.

Coach Wallace Baptist said last night he probably would start Frank Clancy on the mound. Clancy began the season as a first baseman, but was transferred to the mound corps when the Rocket schedule climbed up to around 20 games for the year.

"Skeets" Lawrence, one of the fastest fielding and throwing preppers seen here for a long time, has been transferred from third to short stop, and "Mayor" Torricelli will move from short to third in the only change in the Routt line-up.

Joe Tapock, left hander, and John Pacotti, right hander, probably will be selected to do the flinging against St. Teresa Saturday afternoon. Tapock has yet to hit his stride, but Pacotti has been burning up the prep circuit with his speedy delivery and deceptive slants. Geanetos will be at first, Blesse at second, Belz and Schneider in the outfield, with either Tapock or Pacotti in the other outer garden.

By Edward J. Neil

New York, May 3.—(AP)—The super dreadnaught of the sockers, Primo Carnera, met Max Baer, his flitting challenger, socially today for the last time before their heavyweight title tussle June 14 and the honors rest until then with the huge Italian champion.

The occasion was the formal signing for the 15-round match in the Madison Square Garden bowl on Long Island and the boys gathered eagerly for the belated ceremony, hoping for physical fireworks after the verbal lambasting the pair have been giving each other for the past few days.

Baer, picture of the well-dressed man, was waiting in the Garden club as the champion heaved his great bulk into the picture. Carnera marched straight to him, showing all his ivory in a toothy smile, and grabbed the challenger's fist in one of the mightiest hand shakes in fistic history.

"How you feel?" bellowed Primo, putting all his 275 pounds into his grip.

Baer winced and bent slightly. "I'll feel better June 14," he admitted sourly.

Maximilian recovered in time to bust up the orderly procedure of the flumping of the occasion by announcing in the middle of a couple of rehearsed speeches that there was no maybe about the situation, that he was the next heavyweight champion and that was that. But it was obvious his day was ruined, that for the rest of the afternoon he was trying to make up lost ground.

### WASHINGTON WINS FROM LAFAYETTE WESTERN GOLFERS WIN FROM ILLINOIS

Washington graders jumped back into the running for the grade school league soft ball title yesterday afternoon with an 11 to 5 victory over the Lafayette club which has been leading the league. Gene Williams, Washington topper, allowed but two safe blows, errors permitting most of the Lafayette runs.

The line-ups: Washington—E. Moore, 2b; G. Shelton, c; B. Allan, 1b; B. Postley, 3b; B. Goebel, 1p; P. Hauck, rf; B. Pine rss; R. Barton, cf; B. Weaver, lf; E. Williams, p.

### BEARCAT NETMEN UNHURT IN WRECK

McKendree College's tennis team, on route to Jacksonville for a dual meet with the Illinois College net team, was wrecked in Alton, according to word received here yesterday afternoon, and was unable to complete the trip here. None of the players was hurt in the accident, but the auto was damaged to such an extent that it was impossible to continue the trip.

Illinois will be hosts to tennis teams from four other schools in the conference in the qualifying round for the Little 19 championship this Saturday. Teams from McKendree, Carthage, Southern Illinois Normal, and Shurtleff will come here for a tournament. Winners and runners up in both singles and doubles will qualify for the championship tournament to be held later.

Bob Thomas, Illinois tennis player, has been declared ineligible for competition because he attended another college before coming here, and because he spent two years in a junior college. Athletic Commissioner, W. T. Harmon handed down the ruling yesterday after investigating Thomas' collegiate record.

### GROVE'S ARM IN FINE CONDITION

Boston, May 3.—(AP)—Although Bob "Lefty" Grove can cut loose with his \$125,000 pitching arm without suffering even the slightest twinge now-a-days, it probably will be some time before he starts another game for the Boston Red Sox.

"Grove says he is feeling fine and raring to go," Manager Bucky Harris said today, "but I have no idea when I will be able to start him. That does not mean, however, that I am not going to use him very soon, within the next few days if the St. Louis Browns or Detroit Tigers force us to use a relief pitcher."

Hard work, plus the extraction of several teeth, have removed the soreness from the muscles that Grove uses when he opens up with his famed fire-balls.

## Combine Ball Talent of Three Towns to Enter League; Double Bill Booked For Local Grounds

Manchester, Alsey and Murrayville will combine their baseball talent to furnish the eighth team for the Illinois Valley Baseball league. It was decided at a meeting last night in the local Chamber of Commerce, at which time the A. & M. Tigers were awarded a franchise in the league. The Tigers will go to Bluffs this Sunday for their first start in the league, taking over the White Hall Merchants schedule.

All of the home games booked for the A. & M. Tigers will be played at Manchester under the arrangement made by the co-managers, Orville Hoots of Alsey and Raymond Whitlock of Manchester. They will play their first game at home a week from this Sunday.

Beardstown, Bluffs and Winchester got off to good starts in the league last week when they defeated their first game opposition. The Knights of Columbus, Jacksonville Indies and Roodhouse Blues dropped their first games, but the game was called off when White Hall decided to drop out of the loop.

A double header, with some opening day attractions, is carded for the local diamond, at Nichols Park this week. The Morgan and Jacksonville Indies will meet in the first game of the double header at 1:30, and the Knights of Columbus will tangle with the strong Beardstown club, playing under the sponsorship of Mac's Clothes Shop, in the second game.

Winchester will go to Roodhouse to meet the Blues, who dropped a close decision to the Beardstown club last week. The league managers at their meeting last night decided to allow Roodhouse to use "Pete" Reese, a spit-ball flinger, this year, despite the fact that spitballs have been ruled off the diamond. Roodhouse managers declared that Reese has been using a spit-ball for a long time, longer than the rule which bans spit-ball pitches, has been in force.

With all of the franchises in the league taken, teams are ready to beat down on the title chase. The season has been divided into two sections in order to name champions for the first and second halves, with the winners playing for the season's title at the close of the year.

The standing in the league at present is as follows:

Beardstown.....1 0 1.000
Bluffs.....1 0 1.000
Winchester.....1 0 1.000
Jacksonville Indies.....0 1 0.000
Knights of Columbus.....0 1 0.000
Roodhouse.....0 1 0.000
Morgan Indies.....0 0 0.000
A. & M. Tigers.....0 0 0.000

### Maxie Gets a Cheerful Little Earful

"I say, Maxie, this Carnera is easy," Tommy Loughran, (right), who fought Carnera, whispers in Mr. Baer's ear. "Ha! you're telling me," says Max the Magnificent. "I'll slug him daffy in four or five rounds at the most." The conference took place in New York where Baer had come to prepare for his title bout with Champion Carnera June 14.

## Former Carrollton Banker Passes Away

Carrollton, May 3.—Marcus Turney, 62, vice president of the Shaw Bank and Trust company in St. Louis, Mo., died yesterday at DePaul's hospital in St. Louis after a two days illness. He was a resident of Carrollton his entire life until 1921, having been vice presi-

dent of the People's bank here. Mr. Turney was vice president of the St. Louis bank since its organization in 1923. The bank had not reopened since the bank holiday more than a year ago. His home in St. Louis was at 4003 Magnolia avenue. Surviving are his wife, Mrs. Nellie Turney; one daughter, Mrs. Nellie Sampson, St. Louis; a brother, Henry Turney, Kansas City, Mo., and an aunt, Mrs. Thomas Hymes of this city. Funeral services will be held at the

Schmur Funeral home, 3125 Lafayette avenue, St. Louis, at 3 p. m. Friday. The remains will be brought here immediately after the services for interment in the Carrollton City cemetery.

## FORMER RESIDENT IN CITY FROM JERSEY

Dr. R. O. Steinman was here Thursday morning from Jerseyville, where he recently located after leaving this city. He was formerly a member of the local Board of Education. Dr. Steinman has visited the apple region of Calhoun county, and reports that the blooms are not as plentiful this year as formerly. Many trees are bare of blooms, and others show only partial blossoming. Indications are that the apple crop will be about a third of normal.

## A "NEWFANGLED" FISH STORY

Wood Cowan, who daws the "Newfangles" for this newspaper, thought "he had something" when a nibble vibrated along his heavy line at Saratoga, Fla., the other day. He did and quite a distinction it was for him, too. For he had landed "th smallest fish ever caught with the largest tackle"! Here ya see him with the fish, tackle-and silver trophy.

## Corn and Hg Costs in This County are Held at a Low Level

Costs of the corn-hog campaign and sign up in Morgan county will amount to only 14 per cent of the benefit payments accruing to contract signers, or about 3 cent a bushel a corn and 7 cents a head on hogs, according to an announcement issued Thursday by Farm Adviser I. E. Paill.

Total corn-hog benefits to be received by the 2200 contract signers in Morgan county have been estimated at \$650,000, while the total local administrative expenses incurred to date, as well as those anticipated between now and July 1, will amount to \$10,000.00. These figures are revealed in the budget of the Morgan County Corn-Hog Control association submitted to the state advisory committee composed of Dean I. W. Mumford, of the College of Agriculture, University of Illinois, who is chairman; J. H. Lloyd, assistant director of the Illinois State Department of Agriculture, Springfield; J. R. Harkness, Jerseyville; Ray E. Milk, director of livestock marketing for the Illinois Agricultural association, Chicago and E. A. Eckert, Mascoutah.

When the total local expenses are divided by the combined corn and hog benefit payments, it is found that local costs amount to only 14 per cent of the returns to contract signers.

Hog benefit payments in this county will total approximately \$425,000, while the proportion of local expenses to be charged against the hog benefits is \$6,665.00. If this prorated expense is divided by the 90,000 head of hogs on which payments are to be made, it amounts only to 7 cents a head.

Total corn benefit payments will probably amount to about \$225,000.00, but the corn expenses to be deducted from these benefits total only \$335.00. When this cost is divided by the number of bushels on which benefits are to be paid, the cost of each bushel will amount only to 1 cent.

Some adjustments may be made after the state board of review has assigned corn and hog quotas to this county, but such changes will not materially affect the costs for each bushel and head of hogs, it is believed.

The low pro-rated costs indicate the

efficiency shown by the temporary and permanent corn-hog committees in carrying out their duties, points out W. T. Hemmrough, local Corn-Hog Control President.

## MRS. ARTHUR ACOM IS HOSTESS TO COTERIE

Chapin, May 3.—Mrs. Arthur Acom was hostess to the Joy Prairie Coterie Wednesday afternoon. Roll call was answered by giving household hints. Mrs. Otto Nickle read a splendid paper on "Growing Sugar Cane in Hawaii." A pleasant social hour followed the program. The hostess served delicious refreshments. The May 16 meeting will be the annual guest day at the home of Miss Amy Onken.

Mr. and Mrs. Jack Doyle and daughter Jane of St. Louis are guests at the Fred Niehuesser home.

The Loyal Willing Workers held their May meeting at the home of Mrs. Ruth Calloway Wednesday evening, May 2, with eight members present.

Songs—*I Love to Tell the Story*. Prayer—Mrs. Beulah McDaniel. Scripture—Matthew 7:1-8; 15:23. Roll call—Our mother's maiden name.

It was decided to change the meeting time from 7:30 p. m. to 8 p. m. during the summer months.

Articles on "Mother's Day" and "Mother" were read by all members present.

Song—*Someone is Looking to You*. Benediction.

## CHICKEN THIEVES GET 100 AT NEW BERLIN

Nearly 100 Rhode Island Red chickens were stolen from the Coulter farm near New Berlin Wednesday night, according to a report made to the Jacksonville police department. Sangamon county deputies were called to New Berlin to begin an investigation.

The chickens were taken sometime early in the evening before 10:15 o'clock. Two men in a Buick car were seen in the neighborhood shortly before the chickens were missed.

This is the fourth of a series of large chicken thefts in the New Berlin community in the last two months. The last haul was 140 springers that weighed about two and a half pounds each.

## Bandit Ties Hands of Victim Before Taking His Change

Shoving a large revolver into his victim's ribs, a negro holdup man late Wednesday night robbed Robert Wilson, No. 2 Cannon place, in the vicinity of the Wabash tracks and North Main street. Before taking \$2.75 from Wilson's pockets the bandit ordered him to remove his necktie, which he used to tie Wilson's hands behind his back.

The holdup occurred about 11:10 p. m. as Wilson was walking south on North Main street. When he approached the railroad tracks, Wilson told the police, the negro accosted him. He held the gun against him and ordered him to walk west along the tracks.

After tying Wilson's hands and robbing him, the negro gave him a push

and ran. The victim of the holdup reported his assailant to be about six feet in height and heavy set. He said the most noticeable thing about him was his husky voice, which may have been affected.

Police searched the neighborhood of the holdup but the negro was not located.

## Man and Wife—In Play, Anyway

Maybe it's because Director Lewis Casson (center) is telling them how to play man and wife in a forthcoming London play that Miss Gertrude Lawrence, noted British actress, and Douglas Fairbanks, Jr., are looking at each other so happily. It's been rumored that they'll play man and wife soon—in real life.

HAWTHORN FARM  
INSULL MANSION  
IS 'DESERTED'

(Continued from Page One) Samuel Insull, Jr., and his two year old son, Samuel, 3rd, stand ready to share the small home with the head of their house.

Some qualities, forgiving if not forgetful of her losses in Insull's vast system, they will welcome him with a hard clasp. Others may snub the man who, during the war, was decorated by the British, French and Italian governments and cited by president Wilson; and who was cheered to the echo at testimonial dinners given by the elite of the society and opera world when he was the mid-west's maelstrom.

Still others, the dowagers say, plan to ignore the financier who received telegrams of felicitation on the 50th anniversary of his arrival in this country from Secretary of the Treasury Mellon, Albert H. Wiggin, Dominion Secretary of Great Britain J. H. Thomas, Reinald McKenna, chairman of the Midland Bank of London. Insull pleads poverty. His obligations have been estimated at \$15,000,000. He once had a personal fortune of \$100,000,000 and ruled an industrial realm valued at \$4,000,000,000.

This was the man to whom LaSalle street paid its highest tribute when it coined this now discarded truism:

"If you would procure a loan, just shake hands in a bank with Samuel Insull."

State Legislator is  
Found Dead at Home  
Beside a Shotgun

Marshall, Ill., May 3.—(AP)—Rep. Sol Handy, members of the Illinois House of Representatives from the 34th district, was found shot to death today in a woodshed behind his home.

Handy's shotgun, which doctors said had inflicted the fatal wound, was found beside his body.

A yard stick was lying by the gun. Coroner R. C. Wilhoit immediately assembled a jury to determine the manner of death.

One charge from the shotgun had torn away the top of Handy's head. The representative's wife said Handy returned last night from a session of the legislature at Springfield. For the last two weeks, he had attended the session because he thought pending matters were emergent, she said.

**Wife Finds Body**

Mrs. Handy found her husband's body shortly after 7:30 o'clock this morning. He had left the house sometime during the night. Dr. R. A. Mitchell said he had been dead for several hours.

Handy, a Democrat, was serving his second term in the legislature, and was a candidate for re-election. In the April primaries he was "high man" among seven candidates for the nomination. He was 63 years old, and had been active in local and state politics all of his adult life, serving two terms as postmaster and once as mayor. He was also chairman of the county democratic central committee.

Handy was one of the proprietors of Booth & Handy, local clothing concern.

Springfield, Ill., May 3.—(AP)—Rep. Sol Handy, who was found shot to death in a wood shed behind his home at Marshall yesterday attending the special session of the legislature. He had been ill for some time but had been sent for to attend this week's session at which the Democrats hoped to muster sufficient votes to pass the state NRA enforcement bill.

He was the fifth member of the house to die since the 58th general assembly took office in January, 1933.

Fear Kidnaped Child  
May Be Found Dead

Tucson, Ariz., May 3.—(AP)—The unvoiced fear that little June Robles may never be found alive was felt by many here today—the eighth day since she was kidnaped.

If the family had reason for new hope of her return, the fact was not made known. There has been no public announcement of developments in the case for two days. The only definite facts are: The six-year-old child is still missing, and the ransom money—\$15,000 in bills of \$5, \$10, and \$20 denominations—is ready.

There has been no development to lend substance to the belief that the child may have been killed by her abductors, other than the continued silence of the kidnapers in the face of the family's readiness to meet the terms of payment for June's return.

Rigston shoppers here Thursday included Miss Lillian Green.

## Grace Chapel

Mr. and Mrs. George Johnson and daughter, Mr. and Mrs. John Yeck, Mr. and Mrs. H. Lippert and children of Concord spent a day recently at the home of Mr. and Mrs. Arthur Yeck and family.

## FAVOR COACH

Rock Island, Ill., May 3.—(AP)—Petitions asking that W. G. Kaminski be retained as track coach and football line coach at Augustana College were circulated today.

Kaminski's contract was not renewed because of financial difficulties. Kaminski has been line coach at Augustana since 1928.

5 PERSONS SHOT  
BY BANK ROBBERS

Fostoria, O., May 3.—(AP)—Five persons were wounded by machine gun fire late today as two robbers escaped with \$17,299 from the First National bank.

Police Chief Frank Culp, shot in the lungs by the robbers' murderous fire, was the most seriously wounded. William Feasal, 67, farmer, shot through the chest by a stray bullet, was in critical condition tonight. Wounds of the other three were minor.

Two bank employees, William Daub, 40, assistant cashier, and Miss Ruth Harris, 32, bookkeeper, were kidnapped by the bandits, who stopped on Route 23, two miles outside of Fostoria and released them. The captives were unhurt, but Miss Harris was hysterical from fright.

President Andrew Emerine said none of the bandits resembled John Dillinger.

## WHY A NATIONAL HOSPITAL DAY

On the fourth of July we hear again of the glorious efforts of the founders of our country; on Armistice Day we honor those who defended our country's principles in the World War. On National Hospital Day the public pauses to learn something of the unceasing work of our hospitals, whose influence for our protection is measured not only by the 700,000 men, women and children served daily in the hospital beds, but by the growing number of well trained, efficient doctors, nurses and other health workers who are fitted for their work by the hospitals. Without the equipment, the personnel and above all the spirit of research and progress that characterizes the hospital, our land still would be swept by pestilence and plague; for the hospital is a bulwark against epidemic and widespread disease as well as a haven for those whom the doctor can not adequately serve at home or in his office.

A moment's reflection will show that the service represented by the army of more than half a million men and women, the hospital trustees, medical staffs, auxiliaries and personnel of the hospitals, deserves one day out of a whole year for public consideration. This army fights for health and happiness 24 hours a day, every day, and at a conservative estimate saves 630,000 lives annually.

National hospital day will be observed on Saturday, May 12 by the local hospitals.

PRESSSWINE MARKET  
ABOUT STEADY

Chicago, May 3.—(P)—The hog market today was about steady, although a few spots quotations were 5 cents higher and the top paid was \$3.95, ten cents up from Wednesday.

Cattle were steady but there were no choice heavy steers offered. The top of \$9.50 for this type of beef established yesterday created the widest spread on record between hog and cattle prices. Not counting the processing tax of \$2.25 on hogs, steer quotations averaged 146 percent above swine.

The run of hogs today was 18,000, of which 7,000 were direct to packers. Medium weight animals sold at \$3.75 to \$3.85.

Top for best heavy steers marketed was \$9.25. Receipts of 6,000 equaled expectations.

Sheep were firm to 25 cents higher, although clipped lambs were weak to 25 cents lower. Receipts were fewer than a week ago and a year ago.

STOCK PRICES  
SHADE HIGHER

By John L. Cooley  
Associated Press Market Writer

New York, May 3.—(P)—The decline in stocks was checked today, but the market accomplished little in the way of recovery. The closing average was a shade higher, yet net declines for the whole list still outnumbered advances. Transactions reached the modest total of 1,153,090 shares.

Commodities were unsettled and a quieter bond market returned a small net loss for its composite. Silver futures rallied but cotton and wheat dragged lower.

American Telephone steadied, rising a point at one time, though it closed unchanged. U. S. Smelting cancelled a 3 point rise. Rails jogged along on a level track and the Light and Power shares did likewise. Steels, chemicals, Mail Orders and Motors moved narrowly. Chrysler was firm.

American sugar gained more than 2 points. Spiegel May Stern improved after yesterday's substantial reaction. Socony-Vacuum was helped by announcement of its 1933 results and Standard of Indiana firmed a point. Liquor shares were easy.

Excess reserves of the federal reserve member banks have decreased to around \$1,500,000,000 from the recent record high of approximately \$1,700,000,000. The decline is principally the result of treasury withdrawals and currency movements, and most of it occurred in New York.

An increase of \$25,000,000 in government deposits with the reserve banks suggested operations in connection with the new stabilization fund; about \$150,000,000 of the increase was with the New York bank which is the treasury's agent. The system's gold certificate account jumped \$95,000,000, meaning that the treasury had again drawn on its free gold. The banks' holdings of government securities increased slightly, probably reflecting replacements. Member borrowings were down a little, although the period covered the large month-end.

The next change in earnings assets of New York City members was a gain of \$4,000,000. Security loans increased but "all others," which includes Commercial Accommodations, dropped \$33,000,000.

THIMBLE THEATER—Starring POPEYE

Now Showing—“A Woman Has No Eye For Business”

By E. C. SEGAR

POPEYE, THERE'S A BIG RUBBER MAN FROM SOUTH AMERICA HERE—YOU WON'T MIND IF I PAY A LITTLE ATTENTION TO HIM TO HELP A COURSE FATHERS SALE, I AM UIDE-MINDED.

VANRIPPLE, YOUR DAUGHTER FASCINATES ME—TO GIVE ANYTHING FOR A WIFE LIKE HER.

IT'S ALL RIGHT WITH ME, MR. JONES, IF YOU CAN WIN HER HEART.

DO YOU KISS?

PLEASANT WEATHER ISN'T IT, WE'RE HAVING.

IS THAT THE WAY YOU HELP BUSINESS?

I'M SORRY THIS HAD TO HAPPEN.

THINK NOTHING OF IT, VANRIPPLE—THINK NOTHING OF IT—BY THE WAY, IS THAT RUBBER LAND OF YOURS CLEARED OF JUNGLE GROWTH?

FRECKLES AND HIS FRIENDS

By BLOSSER

By PHIL NOWLAN & DICK CALKINS

A CUSTOMER CAME IN, BOUGHT A DIAMOND, AND THIS IS THE RESULT....

WELL, I SOLD THAT MAN THE LARGEST DIAMOND IN MY STOCK! IMAGINE IT... THREE THOUSAND BUCKS!

AND ALL YOU GOT FOR IT WAS HIS SIGNATURE ON A CHECK! SAY... I WOULDN'T EVEN TAKE A CHECK FROM MY COUSIN!

WELL, OF COURSE, YOU KNOW YOUR RELATIVES BETTER THAN I DO!

YOU'D BETTER FIND OUT IF THE CHECK IS GOOD FOR \$3000.... I WOULDN'T TAKE ANY CHANCES.

PERSONALLY, I THINK YOUR DIAMOND IS ABOUT AS SAFE AS A SACRIFICE HIT! HOW DO YOU KNOW HE'S THE GUY HE SAID HE WAS?

HE IDENTIFIED HIMSELF... HE HAS A WART ON HIS LEFT SHOULDER!

WELL, I DON'T THINK IT'S GOOD BUSINESS, PARTING WITH A SWELL DIAMOND AND GETTING NOTHING BUT A CHECK FOR IT... YOUR DIAMOND IS GONE AND I BET THAT GUY WAS PLAYING GLASSIES FOR KEEPS!

TALLAN AND I HAD NOT RETURNED TO THE SPACE SHIP—HUEY AND WILMA WERE WORRIED—AND SO WAS THE SHE-WOLF WHOSE MATE HAD BEEN OUR GUIDE—WITH THE AID OF A SOUND RECORD AND THE HYPNOTISCOPE, DOCTOR HUEY LEARNED THE LANGUAGE OF THE 'WOOF'S' AS THEY CALLED THEMSELVES, AND RUSHED OUT TO WILMA WITH THE RESULTS.

THE 'WOOF' BARKED SLOWLY—WILMA LOCATED THE 'WORDS' ON THE LIST HUEY GAVE HER.

AKK-AKK-GWOOF, MRR WOOF, URRUF, GARRUKH-URBF, YAP-YAP-YAP!—MRR, AKK-AKK-YRR, URRUF-URRUF, GURRUF-OOGOO!

OWOOF!

AKK-AKK-MEANS "TWO"—GWOOF MEANS "MAN" OR "MEN"—MRR WOOF MEANS "MY WOOF"—URRUF MEANS "RUN"—AND GARRUKH-URBF MEANS "DOWN"—PLACE "GURRUF" MEANS "TRAIL"—OOGOO IS "FIND"—AND OWOOF MEANS "FEAR" OR "AFRAID".

FREE TRANSLATED SHE SAYS: "THE TWO MEN AND MY WOOF RAN TO THE CHASM FAR AWAY! I AND YOU THREE WILL FOLLOW TRAIL AND FIND THEM—I AM FEARFUL!"

BOYS AND GIRLS!—A COMPLETE WOOF DICTIONARY—FREE! ENJOY A WORLD OF FUN TALKING TO YOUR FRIENDS IN THE WOOF LANGUAGE! JUST WRITE ME IN CARE OF THIS PAPER REQUESTING WOOF DICTIONARY—ENCLOSING SELF-ADDRESSED, STAMPED ENVELOPE.

HUEY AND WILMA DIVED FOR THE SHIP!—THE WOOF DASHED OFF ON THE TRAIL!

WHAT'S THE MATTER?

ILLANA! QUICK! BUCK AND TALLAN ARE IN DANGER! PLUG IN THE GENERATORS! WE'RE GOING IN THE SHIP!

THE WOOF'S GOING TO FOLLOW THEIR TRAIL FOR US!

GURRUF! GURRUF!

BOOTS AND HER BUDDIES

Getting Acquainted!

By MARTIN

GOOD EVENING! I'M MR. ROSS—RONALD ROSS.

OH YES, YES, YES—YES! TO BE SURE! I REMEMBER BOOTS SAYING SHE WAS EXPECTING YOU.

YOU ARE AN ACTOR, I BELIEVE SHE SAID?

NO... ONLY STUDYING TO BECOME ONE.

BRAVO! BRAVO! SIT DOWN... IT IS INDEED A PLEASURE TO CONVERSE WITH ONE ASSOCIATED WITH THE FINE ARTS.

WELL, AT THAT, I'VE DISCOVERED THAT ACTING IS MORE OF AN ART THAN I THOUGHT IT WAS.

ARE YOU INTERESTED, THEN, IN THE STAGE, AND ALL THAT SORT OF THING?

THAT WOULD BE PUTTING IT MILDLY! WHO COULD EVER FORGET MAJORE ADAMS, AS JULIET... OR ETHEL BARRYMORE, IN THE TWELVE-POUND LOOK? AH... THERE WAS A PLAY...

Apologies Are in Order!

By C. K. NE

MY STARS ALIVE! DID YOU BOYS CAPTURE ALL FOUR BANDITS BY YOURSELVES?

SURE! WE GOT BACK ALL TH' JEWELRY, TOO.

WELL, DANG MY HIDE! AND MINE, TOO.

MY WORD! MY WORD! I SIMPLY CAN'T UNDERSTAND HOW YOU DID IT.

WELL, SUH, IT SEEMS THAT MY FODDER AND I AREN'T SUCH NO-GOOD, COWARDLY, IGNORAMUSES AS SOME PEOPLE THOUGHT THAT'S HOW!

PLEASE! PLEASE! I APOLOGIZE. YOU'RE BOTH SPLENDID AND BRAVE, MY WORD! I-I—

I WANT TO APOLOGIZE, TOO. I THINK YOU'RE SIMPLY WONDERFUL, EASY, YOU'RE THE BRAVEST MAN I EVER MET.

SUMMER-GRASS CUTTING TIME—ISN'T FAR OFF, MISTER!—IS YOUR LAWN MOWER ALL SET?—I'LL TAKE IT TO THE SHOP AND SHARPEN AND OIL IT UP IN FIRST CLASS SHAPE!—YOUR NEIGHBOR NEXT DOOR JUST GAVE ME HIS, TO FIX UP!

LAWN MOWER?—UM-M. LET ME SEE.

IF IT ISN'T NICE AND SHARP, IT WILL BE HARDER, AND TAKE LONGER FOR ME TO MOW THE LAWN—IF JASON ISN'T AVAILABLE!

EGAD, SIR—AS I REMEMBER, OUR MOWER IS A STUBBORN MESS! COME, WE'LL SEE THE WIFE.

MA! HE WON'T GO OVER AND SEE IF THAT'S A SNAKE! THERE'S A WORLD OF PRETTY VIOLETS OVER THERE.

YOU GO OVER AND SEE IF THAT'S A SNAKE, AND STOP BEING SO OBSTINATE.

IT DON'T MAKE NO DIFFERENCE IF I GIT SNAKE BIT. I'M ONLY JIST ONE O' TH' MALE PART O' TH' FAMILY. O' COURSE, WE'RE SPOSED TO BE EQUAL, BUT YOU NOTICE WHICH O' TH' SPECIES HAS TO FIGHT MICE, SPIDERS, SNAKES, AN' PUMP TIRES—YEH, EQUALITY!

WHY MOTHERS GET GRAY.

SIDEGLANCES By George Clark

## S. MAIN STREET PROPERTY OWNERS ARGUE LIGHTS

No Decision Reached; Protest  
Number, Size of Light  
Poles

Protesting against the number and size of the electric light poles, said to belong to the Illinois Power and Light company, now located along South Main street, property owners last night argued the matter of installing boulevard lights along the new pavement without coming to any definite conclusion at an informal meeting conducted by Mayor W. A. Wainwright at the city hall. Expressions from the citizens were about evenly divided in favor of and opposed to the proposed boulevard lighting project.

The possibility of allowing the property owners to decide, by a method of voting which would permit each property owner to vote the number of feet owned, was brought forward, and probably will be adopted to decide whether to install the lights at present. Under this plan, a property owner will be requested to express whether he is in favor of the project, and the total number of feet for and against will be tallied to determine whether a majority are in favor of the project. Mayor Wainwright declared it was a matter for the property owners to decide.

George Stoldt, head of the city water and power plant, estimated that the improvement would cost between \$1.00 and \$1.10 a front foot. Although the best type of installation, the price is slightly higher than that of the improvement along West College avenue and West State street. It was explained that the installation would be of a better type, and one which would not give the city much trouble in maintaining. There would be no tax increases to pay for lighting and the power would be furnished from the city plant, he said.

Property owners in favor of the improvement argued that they were getting a free pavement, without cost to them, and that in order to do the street lighting it should be lighted with boulevard lights. It was estimated that between 54 and 60 poles would be required to properly light the street from College avenue to Michigan. According to the plans, the lights are to be placed diagonally across the street, with only half of the lights to be used after midnight.

Several reasons for opposing the project were brought out. The large poles which carry the wires of the Illinois Power and Light company were protested most vigorously, and the mayor promised to attempt to have the poles moved. He suggested that the property owners present a petition signed by each land holder on the street, to the city council, and said the council would take immediate action, probably by presenting the petition to the Illinois Commerce Commission.

The city is going to put in conduits across the street, the mayor said, regardless of the action taken by the property owners, before the new pavement is put in place. The conduits will be placed without any cost to the property owners, and will be placed with the hope that some day the street will be made into a boulevard.

Another objection to the improvement was that no curbing was to be put in by the contractors, and that no gutters were provided for in the contract. They argued that a curb should be installed before the boulevard lights were purchased.

There were a few objections on the grounds that any additional assessments now would be difficult to meet.

## RETAIL TRADE AUTHORITY IN MEETING HERE

L. C. Strubinger is Named  
Vice-Chairman; Code is  
Talked at Session

L. C. Strubinger was elected vice-chairman of the local Retail Trade Authority, at the meeting of its members at the Chamber of Commerce last night. Mr. Strubinger will assist the chairman, J. W. Merrigan, in carrying on the work of the group.

The question of whether a store owner or manager came under the code was considered and it was unanimously decided by the committee that any individual in a retail establishment identified with this group, who works 27 hours per week comes under the code, and is considered a full time employee. This includes owners, managers, partners and part time employees.

It was further decided that all names of persons in establishments coming under the code will be published at a later date. The chairman was instructed by the committee to bring together all groups of the retail authority and definitely set the opening and closing hours.

An assessment of one dollar for each full time employee will be made next week to provide funds to carry out the program of the authority, in accordance with the instructions from national headquarters. One-fourth of this amount will be sent to the national retail trade authority at Washington and the remainder will be held for the local committee to be used in office work expenses.

Approximately 65 stores come under the local retail authority. It was decided by the committee that any complaints shall be presented on written forms to the secretary when consideration will be given.
